CENTRAL BOARD OF SECONDARY EDUCATION

No. D.O. / /
CBSE/CM/AFF/R-BL/2019/1440581

Dated: 02 January, 2019

Dear Mr. Mukherjee,

The Central Board of Secondary Education (CBSE) is the premier National Board of Government of India under the aegis of Ministry of Human Resource Development. It has been created by the executive resolution of the Govt. Of India as an autonomous body and is registered as society under Societies Registration Act, 1860. The main mandate of CBSE is to conduct Board examinations. The CBSE affiliates schools for this purpose, for conducting secondary and senior secondary examinations. The Board affiliates schools only on fulfilment of certain conditions as laid down in the Affiliation Bye-Laws of Board.

Since the formation of Board in 1929, the affiliation Bye-Laws have been several changes and evolved a great deal. However, looking at the changing environment, particularly the advent of information technology, the requirement to simplify procedures and making them more transparent and speedier, and also for the ease of doing business by stakeholders, the Board has revised its Affiliation Bye-Laws to cater to these requirements.

The revamped affiliation Bye-Laws are based on the understanding that most of the certificates that the Board has mandated the schools to submit at the time of making application for affiliation (such as recognition certificate, NOC, Land related documents, Societies/Trust formation documents, safety certificates, certificates with regard to teacher qualification, etc), are also being submitted to the State/District Education Administration for the purpose of issuing of recognition certificates to the schools under Section-18 of the RTE Act, 2009. The Board is of the view that there is duplication of scrutiny of these documents, first at the level of state while considering Recognition, and next by the Board while processing the request of School for affiliation. The revised Affiliation Bye-Laws, therefore, proposes closer involvement and State and District School Education Administration in forwarding the application of the School.

Accordingly, the Affiliation Bye-Laws are revised to accept the District Administration/District Education Administration's Certification that the requisite documents are submitted, and therefore will be considered as scrutinized.

This will be the only certification for applying for affiliation with the Board. With this certification, the Board will not require applicant schools to separately submit any of the certificates / documents mentioned therein and neither will these certificates be scrutinized at the time of inspection. During school inspection for affiliating schools, the Board will instead focus on outcome-based scrutiny and assess the quality of education being imparted. This new system will be online, robust, transparent, hassle free and seeks to reinvent the earlier long drawn process of affiliation that was done with little or no collaboration with state government.

A copy of the proposed certification by the district authorities is attached. The attached certification document may be circulated to all concerned district functionaries to enable them to understand and be prepared to undertake the process, from the next round of online applications, which begins from 1st January, 2019. It is likely that Schools may approach district administration much before the online portal starts on 01.01.2019, to be able to apply on time.

Therefore, the Board requests that the State's Education Department may like to issue circulars to all the District Magistrates and District Education Officers for issuing the attached Certification for enabling Schools to make Online application for seeking affiliation with the Board for the session 2020-21.

In this way CBSE is envisaging to provide an opportunity to partner with States for ensuring that CBSE schools not only follow the Central Acts, but follow all State Laws, regulations and guidelines.

Regards,

Yours Sincerely,

(ANITA KARWAL)
